1990 ARTICLE INDEX

BUSINESS/FINANCIAL MANAGEMENT

"Cholesterol Screenings: Is There a Return on Investment?" Paul Schneider, January, p. 26.

"Life After Facilities Management," Charles J. Singer, June, p. 29.

"Consolidated Lab Serves Multihospital System," Gary French, July, p. 34.

"The Battle of Gettysburg," Steven W. Renner, August, p. 32.

"Referral Tracking System Shows Accurate Bottom-Line Assessment," John Henkel, December, p. 23.

CAPITOL INSIGHT

"Medicare's New Reductions and Regulations: MIS Challenges," Veronica Oestreicher and Frederick B. Abbey, February, p. 39.

"HIS Software Regulations on The Horizon," Lawrence M. Klainer, M.D., July, p. 39.

"Proposed HCFA Lab Rules: The Changing Face for LIS," Dennis Winsten, Laboratory Special Insert, September, p. 51.

CEO PERSPECTIVE

"The Metamorphosis of an Industry," Patrick J. Trotter, February, p. 48.

"A New Approach to Decision Support at Adventist Health Systems/Sunbelt," Thomas L. Werner, March, p. 49.

"The Electronic Medical Record is Closer Than You Think!" Dean Sane, April, p. 35.

"1990 — The Age of the User?" Ronald F. Garvey, M.D., M.B.A., May, p. 56.

"Information and Corporate Strategy," Peter H. Ellis, C.H.E., A.H.A., June, p. 40.

"A Failure to Communicate," Jerome H. Grossman, M.D., July, p. 49.

"Total Quality Management: Healthcare's Complex and Timely Choice," Stephen L. Ummel, August, p. 36.

"On the Threshold of a Golden Decade," Kenn George, September, p. 57.

"The CEO's Role in 1990s Automation Success," Sheldon I. Dorenfest, CEO Special Edition, November, p. 14.

"Leadership: The CEO's Responsibility with Information Systems," Stuart A. Wesbury, Jr., Ph.D., F.A.C.H.E., CEO Special Edition, November, p. 33.

"Information Services Need Leadership to Effect Change," Peter Van Etten, November, p. 48.

"Hello, MIS Medical Record (wherever you are)," Neilson S. Buchanan, December, p. 31.

"How One CEO Needs "R&R" in Everyday Life," Judith G. Novak, December, p. 34.

COMMUNICATIONS

"On the Receiving End," Anonymous, March p. 60.

DATABASES

"National Cardiac Registry Allows Outcomes Comparison," Dick Landis, May, p. 39.

DECISION SUPPORT

"The Political Boundaries of Strategic Decision Support Systems," Gary D. Montrose, December, p. 19.

"Designing DSS and EIS Applications to Fit Executive User Needs," R. Clay Stephenson, December, p. 28.

EXECUTIVE INFORMATION SYSTEMS

"Executive Information Systems: Caveat Emptor," Stanley D. Jaworski, CEO Special Edition, November, p. 36.

"What Top Execs Are Saying About EIS," Michael A. Sachs, CEO Special Edition, November, p. 41.

"Technology Enters the Hospital's Executive Suite," Ellen Dodson, December, p. 39.

ECHO USERS' GROUP

"ECHO: The Second 25 Years," Robert W. Gibson, ECHO Special Edition, September, p. 6.

"IBM Gears Up for the '90s with State-of-the-Art Technology," Ellen Pollock, ECHO Special Edition, September, p. 8.

INFORMATION SYSTEMS

"Achieving Competitive Advantage Through Information Management," L. Craig Forthman, January p. 38.

"Applications: How Far Have We Come? Part II," Ellen Pollock, April, p. 24.

"Attaining HIS Benefits," Richard N. Kramer and Robert G. Bonstein, Jr., May, p. 47.

"Storm Warning: Danger Signs During Software Implementation," Kirk A. Kirksey, June, p. 35.

"HIS Software Regulations on the Horizon," Lawrence M. Klainer, M.D., July, p. 39.

"Designing Information Systems to Increase Quality Care," Elizabeth West, September, p. 59.

"Computerized HIS as a Tool in Quality Medicine," Peter Peterson, M.D., October, p. 37.

INTERVIEWS

"The Networking Standards Evolution: Toward a Real Electronic Medical Record," Carolyn Dunbar, February, p. 18.

"Sam Schultz and the University Hospital Consortium," Carolyn Dunbar, May, p. 18.

"Integrating with MUMPS: Fast, Flexible and Affordable," Ellen Pollock, MUMPS Special Edition, June, p. 31.

"American Express Emphasizes Service, Training and R&D," Carolyn Dunbar, August, p. 18.

"Spectrum Healthcare Solutions: A New Company Puts on a New Face," Ellen Pollock, ECHO Special Edition, September, p. 13.

LABORATORY

"Voice Entry in the Lab," Peter Cohen, March, p. 33.

"LIS Trends Boost Lab Management Efforts," John Rosen, Laboratory Special Insert, September, p. 36.

"Using the LIS as a Strategic Tool," Bruce A. Friedman, M.D., Laboratory Special Insert, September, p. 38.

"Hospital Reaps Benefits From PC-Based LIS," Cat Kaner, Laboratory Special Insert, September, p. 42.

"Dispelling the Common Myths of Systems Procurement," Gary F. Braley, Laboratory Special Insert, September, p. 48.

MANAGED CARE

"HMO Databases: Fertile Ground for Epidemiological Research," Sandra C. Lapham, M.D., Kelly A. Montgomery, B.S. and Wendy E. Hoy, M.B., B.S., September, p. 18.

"From Mini to Mainframe: How One HMO Made the Leap," Owen Brant, September, p. 26.

MARKETING

"The Five 'Ps' of Healthcare Marketing," J. Stephen Lindsey, January p. 8.

"Using Geodemographics to Launch a Telephone Referral Service," Donald L. Parrot and Jeffrey Holden, Jan., p. 35.

MEDICAL RECORDS

"The Key is Teamwork: Making Medical Records Information Systems Succeed," Leslie Ann Fox, R.R.A., April, p. 29.

"Medical Records in the Information Age: A Sleeping Giant Stirs," Gary D. Montrose, October, p. 23.

"Simplification of Mortality Case Review," Joe D. Gillespie, R.R.A., M.H.S., October, p. 31.

MILESTONES

"Prospective Payment and the New Perspective," John Whitehead, January p. 44.

"Access to Healthcare: The Right of the People," David M. Pomerance, May, p. 54.

"National Chains: Why the Experts Were Wrong," Robert I. Murrie, June, p. 39.

"Looking Back to Our Future," Graham O. King, August, p. 45.

"Integration — Fad or Fancy?" C. David Kirk, September, p. 58.

MUMPS USERS' GROUP

"MUMPS Technology: Heading Into the Mainstream," Richard G. Davis, Ph.D., MUMPS Special Edition, June, p. 13.

"Client-Server MUMPS Takes on the Future," Charles H. Curtis, MUMPS Special Edition, June, p. 16.

"Brigham and Women's Hospital Plans Large MUMPS-Based PC Network," Libby Koponen, MUMPS Special Edition, June, p. 20.

"The Competition Heats Up As Big Blue Takes the MUMPS Plunge," Ellen Pollock, MUMPS Special Edition, June, p. 26.

NETWORKING

"Installing a Patient Care System Physicians Will Use," Darrel Lapierre, January, p. 22.

"ASTM Standards for Medical Computing," Robert Megargle, Ph.D., February, p. 25.

"The Nuclear Network: Connecting Nuclear Medicine," Robert E. Henkin, M.D., F.A.C.N.P., February, p. 31.

"Beyond Networking: Moving From Data Exchange to Information Sharing," Everett Hines and Liz Vanner, February, p. 36.

"HL7, MEDIX and the Pursuit of the Unified Standard," Peter Spitzer, M.D., M.B.A., M.S., and Arnold Abelman, November, p. 19.

"Architectural Strategy: Key Issue of the 1990s," Jay E. Toole, November, p. 27.

"Networking: the Era of the '90s," R. L. Johnson, November, p. 33.

"Facts and Fax Make for Successful Hospital/Physician Networks," Ralph T. Wakerly, November, p. 35.

"HL7: Are You Ready for It?" Thomas A. Stocker, November, p. 43.

"Toward Enterprise-Wide Networking," Michael A. Hax, November, p. 53.

NURSING/PATIENT CARE

"Bedside Computing Positively Impacts Patient Care," Eileen Cassassa, R.N., May, p. 26.

PHYSICIAN LINKAGE

"Rural Sites Benefit from Link to Urban Center," Jeanne Knapp, July, p. 22.

PRODUCTIVITY

"Catalysts for Change: A Call for Effective Information Management," Mark S. Gross, February, p. 42.

"PC-Based Project Management Comes to Healthcare," Eric Skjei, Ph.D., April, p. 20.

"Incorporating Change in Information Systems," A. Neil Pappalardo, April, p. 38.

"Choosing Practice Management Systems Wisely," Rod Meyers, September, p. 29.

QUALITY/SEVERITY/ OUTCOMES

"It Could Never Happen Here," Daniel C. Morris, August, p. 38.

REVIEW

"Together at Last: DOS and UNIX," Jon Green, April, p. 41.

SMALL HOSPITALS

"Rural Sites Benefit from Link to Urban Center," Jeanne Knapp, July, p. 22.

"Community Hospital Embraces High-Tech Training," Stanley G. Sateren, M.D., and Carol Boyd, R.N., B.S.N., M.S.A., August, p. 26.

TRENDS

"The Decade Takes Shape: Computers in Healthcare for the '90s," Jay E. Toole and Susan L. Campbell, March, p. 20.

"Then and Now: How Far Have We Come? Part 1," Ellen Pollock, March, p. 24.

"Applications: How Far Have We Come? Part II," Ellen Pollock, April, p. 24.

"It Happened in Healthcare: Reflections on a Decade," March p. 53.

"Paralysis or Anticipation: Mastering Change," Michael T. Competiello, June, p. 20.

"HIS Industry Trends: Outlook for the 1990s," O. George Kennedy, Ph.D., July, p. 47.

"Confronting 2000 and Beyond: Tomorrow's Healthcare Information System," Tim K. Zinn, October, p. 14.

"Trends in the Healthcare Systems Industry," Ronald L. Johnson, 1990-1991 Market Directory, p. 8.
